FEDERAL COURT.

A Rumor That the Law and Order
Forces May Invoke It's Aid.

Frankfort, March 15.—A fight will
of course come up against the con-
stitutionality of the Goebel election
bill, though when and by whom be-
gotten it is not now known. The
most sensational suggestions in this
connection, made in a recent quiet
conference of enemies of the measure,
is that a federal court may pass on
the Kentucky election law before the con-
gressional races of next fall are run
and won. This suggestion, of course,
means that some one interested in
the congressional races and claiming
to be in effect disfranchised by this law,
may succeed in getting a federal
judge to decide he has jurisdiction in
the matter, in which case no state
court could interfere till the "trouble"
had occurred.

A Grave Charge.

Princeton, Ky., March 15.—There
is considerable excitement here over
the arrest of Thomas Walker, a
prominent trader and cattle buyer.
He was indicted by the grand jury
for stealing cattle, and was arrested
yesterday by Wylie Jones, deputy
sheriff. Walker is in jail, but says
he can prove where he bought the
cattle.

"ALL QUIET ON THE POTOMAC."

But War Preparations Go on
With Alarming Rapidity.
Movement of Troops
Arranged For.

THE PRESIDENT STANDS FIRM.

Though European and American
Financiers Beg For Peace.
But He Says Cuba
Must Be Free.

UNITED STATES BUYS ANOTHER WARSHIP.

Washington, March 15.—This has
certainly been the day of rumors, but
none have been confirmed. It was
rumored this morning that the presi-
dent had changed his policy and was
now for peace at any price. But this
has been disproved. It is now known
positively that vast pressure has been
brought to bear on him by leading
American and European financiers to
settle the trouble with Spain without
a war. But that president has posi-
tively refused to listen to their
pleadings and has announced final-
ly that his policy will not be
changed. Cuba must be freed and
the honor of this country must be
preserved. The responsibility of war
will rest solely with Spain.
War preparations are being pushed
today as possible more hurriedly than
even yesterday. Plans are being pre-
pared for the mobilization of the
militia and for the rapid movement
of troops to the Atlantic coast de-
fenses.

There will probably be no change
in the situation until the report of
the court of inquiry, which is not now
expected before Saturday. Absolutely
nothing official has yet been heard
at the navy department from the
court of inquiry.

Spanish cables today state that
Spain is buying large quantities of
the most dangerous ammunition in
England that can be gotten, and is
making many very significant though
secret movements.

Spain claims today to have bought
a Chilean warship.

The United States today bought
another battleship from Brazil.

Washington, March 15.—Two
thousand new Spanish troops reached
Havana today. Secretary Long says
this afternoon that he hardly expects
the report of the court of inquiry this
week. The visit of Senor Quesada,
the representative of the Cuban re-
public to Hobart last night was prac-
tically a recognition of the Cuban re-
public, and is considered here as
most significant.

FROM THE PRESIDENT'S PASTOR.

Strong Words of Commendation For
Governmental Policy.

Washington, March 15.—President
McKinley occupied his pew at the
Metropolitan church Sunday morning
and listened to sermon by Dr. Hugh
Johnson, his pastor, which dealt at
some length, and quite directly, with
the problem which most thoroughly
engrosses the president's mind. He
took the Spanish situation for his
text, and during his discourse said:

"One thing is certain, we shall not
have war unless there is absolute jus-
tification for it. The dignity and
honor of the nation shall be upheld,
and American loyalty and bravery
remain unshaken as ever; but the
calm and firm attitude of the chief
executive assures us that neither by
prejudice, passion, popular clamor,
hysteria, or ambition, will this nation
be involved in a deadly strife. Se-
cure from invasion, with inexhaustible
wealth and resources, with a people
full of the martial spirit and able to
put ten millions of soldiers into the
field, and cover the seas with battle-
ships, what have we to fear from a
bankrupt nation that cannot even
subdue twenty to thirty thousand
ragged, ill-fed and poorly equipped
Cuban insurgents? or from an alliance
of France and all the Latin nations
against us? Come the three corners
of the world in arms and we shall
shock them."

"But this power is controlled by
intelligence, patriotism and Christian
principles, and only stern duty to hu-
manity and civilization, just relations
with our fellow men, and national
honor will lead us to let loose the
dogs of war. Desiring and praying
for peace, let us hope that the extent
and vigor of these war preparations
will avert the conflict and assist the
cause of peace."

Not Yet Indicted.

At last accounts Mr. Sam D.
Clark had not been indicted in May-
field for the killing of Mr. S. R.
Carney.

THE HIGH EXECUTIONERS.

The Goebel Slate for Election Com-
missioners Goes Through.

Frankfort, March 15.—The Go-
bel election slate went through at the
democratic caucus last night. The
nominations are Chas. B. Poyatz,
of Mayville; ex-Congressman W. T.
Ellis, of Owensboro; and ex-Chief
Justice W. C. Pryor, of New Castle.
The nomination of Judge Pryor was
against his protest, but Speaker Peck-
ham assured the caucus that Pryor
would accept. The omission of a
populist may cause a split between
the democrats and populists. Per-
kins, of Webster, was spokesman for
the populists at the caucus last night,
and he said the Goebel election bill
would have been defeated in the house
but for a trade with the populists to
elect a populist on the commission in
consideration of five populist votes
for the bill. The names placed before
the caucus were: Chas. B. Poyatz,
of Mayville; W. S. Pryor, of New
Castle; W. T. Ellis, of Owensboro;
Jas. D. Leach, of Princeton; L. S.
Johnson, (populist), of Versailles.
The vote resulted: Ellis, 75; Pryor,
62; Poyatz, 57; Leach, 28; Johnson,
38. The three highest were declared
elected.

GOLDEN RULE APPLIED TO LABOR.

Noteworthy Speech by Chief Arthur,
of the Brotherhood of
Engineers.

Chattanooga, Tenn., March 15.—
The conference of railway trainmen,
being held in this city, resolved itself
into a mass meeting at the City Au-
ditorium Sunday and a regularly
prepared program of speeches, music
and recitations was carried out.

The chief address was made by
Grand Chief Arthur, of the B. of
E. E.

In the course of his speech Chief
Arthur made use of the following
language, which was vigorously ap-
plauded by the large audience: "I
differ with many labor leaders as to
methods to be pursued in bringing
about the best results. I say that
organized labor is the hope and sal-
vation of the working man. The
great stumbling block that has in-
jured us in many ways is the so-called
labor organization which attempts to
dictate. It cannot see two sides to
any question. We should give and
take. The interests of capital and
labor, I say, are identical, and the
only way these matters can be settled
is by fair, honest method—Christian-
ity, I might say. We must do unto
others as we would have them do unto
us. We must recognize the fact that
we are all entitled to certain consid-
erations. What is capital? You
work, accumulate money, and get
into business. Must you be con-
demned for that? I say no! That
is capital. It is only when it becomes
tyrannical that we resist it."

STEAMER GRAND REPUBLIC BURNED.

Capt. Thorwgen and Family Have
a Thrilling Escape From Death.

St. Louis, March 15.—From a
fire, the origin of which is unknown,
the well known Mississippi river ex-
cursion steamer Grand Republic
burned to the water's edge Sunday
at the mouth of the River des Peres,
near South St. Louis. Nothing was
saved and Capt. W. H. Thorwgen,
his wife and two children and the
watchman had a narrow and thrilling
escape from death. The loss amounts
to \$50,000.

The Grand Republic was tied up
for the winter and those on board
were making it their home. They
lost all their personal belongings and
escaped in barely enough to clothe
themselves.

Alongside the burning steamer
were moored the steamers Vicksburg
and the City of Providence. Both
boats were in danger of being burned
but before they caught fire they were
cut loose and towed to places of
safety by a Missouri Pacific transfer
tug.

COAL ELEVATOR.

Newly Organized Company Pur-
chases a Block of
Ground.

They Will at Once Put up an
Elevator and Screen
For Coal.

The Paducah Coal and Mining
company, recently organized here,
will at once establish one of the large-
est improvements made here in many
a day. The company has purchased
the entire block of ground from Ten-
nessee street to Ohio, fronting the
river, and will at once begin the erec-
tion of a big coal elevator and coal
screen.

The ground now has the old Eades
mill upon it, and this will be torn
down. It is estimated that thirty
days will be required for this. The
other work will then begin at once.
A member of the company stated
today: "The improvement will save
the city about \$30,000 a year, and
will cost us, to establish it, more
than that."

W. C. T. U. Meeting.

The W. C. T. U. will meet tomor-
row afternoon at 3 o'clock in the lec-
ture room of the First Christian
church. The superintendent of moth-
er's meetings will have charge of the
mother's conference. All members
are urged to be present.

GOVERNOR'S FINAL REQUEST.

Asks For an Appropriation to
Stamp Out Smallpox in Bell
County—Over 200
Cases Today.

THIS IS THE VERY LAST DAY

Of the State Legislature, and the
Governor's Request Will
Probably Not Be
Granted.

VAN SENDEN'S PARTNER IS IN TROUBLE.

Frankfort, Ky., March 15.—The
governor today urges a legislative ap-
propriation for the benefit of the
smallpox sufferers and to stamp out
the epidemic in Bell county. It is
said today that there are over 200
cases of smallpox in that county.
As this is the last day of the session
it is very probable that the request
will not be granted as it is too late to
pass the bill.

VAN SENDEN'S PARTNER

Killed a Man Today Over the Late
Trouble of the Firm.

Washington, March 15.—Dennis
Canty partner of H. W. Van-
Senden shot and killed a man named
Colonel Ryes this morning in front
of the Western Union Telegraph Co.
office. The cause of the trouble is
supposed to be the old firm's business
complications.

'SQUIRE NICK GREIF DEAD.

Passed Away This Morning at
the Age of 73.

One of Paducah's Oldest Citizens.
Held Many Minor Public
Offices.

'Squire Nick Greif, aged 73, died
this forenoon about 9 o'clock, at his
residence, 433 South Second street,
of a complication of diseases, after
being in failing health for some time.
The deceased was one of Paducah's
oldest citizens, and had held
many minor public offices, having
been in recent years lockup keeper
and a justice of the peace.

He leaves a wife and six chil-
dren, three boys and three girls, all
of whom are married. No arrange-
ments have yet been made for the
funeral.

POLICE COURT.

Judge Sanders Administers a
Good Reprimand.

A Few Breaches of the Peace and
Drunks Consid-
ered.

Today's session of the police court
consisted principally of an effort on
part of Judge Sanders to effect the
reformation of a young man who had
been up before. The young man in
question is not yet 17, and has a
widowed mother and sister, who be-
long to one of the best families in
Paducah. The boy himself is way-
ward. He drinks mean whiskey and
visits a frail beauty in a West Court
street resort, who, and to say in sum-
mary, became infatuated with him.

He was charged today with being
drunk and disorderly, and with
breaking the windows out. He plead-
ed guilty, and was indifferent to the
reprimand administered to him.
When asked where he got his whiskey
he said he didn't know. The court
didn't believe this, for when the first
drink was taken the young man was
sober. Yet he stuck obstinately to
his story. After telling the culprit
what ought to be done with him, His
Honor gave him one more chance to
do better, and fined him \$5 and costs,
recognizing him in the sum of \$200
for his good behavior for one year.

After court the young man was
further questioned relative to where
he obtained his liquor, and he still
contended that he didn't know.

The other cases were principally
drunks.

School Craft, John Dunning and
Chas. Ashley were fined \$1 and costs
each.

Henry Armstrong, for using in-
sulting language towards Wm. Hodge,
was fined \$5 and costs.

Engene Wilkerson, for cursing
John Smith, was fined \$5 and costs.

WELL KNOWN CHARACTER.

Fount Laffoon Follows His Master
to the Grave.

A towering hotel porter known by
hundreds of traveling men whose ter-
ritories include Southwestern Ken-
tucky, and who was a favorite with
them all, died at Mayfield today of
pneumonia. His name was Fount
Laffoon, commonly called "Mollie,"
and he was a giant in stature.

Laffoon had been porter at the
Southern hotel for 24 years, and was
nearly seven feet in height. He was
a familiar character at Mayfield, and
enjoyed the respect of the white people.
Laffoon's death was not long after
his master, the late Mr. John D.
Cox, proprietor of the Southern, who
died of the same disease, only a few
weeks ago.

SOLD BOOZE ILLEGALLY.

Mun Winston Brought in and Jailed
Last Night.

Mun Winston, the most notorious
"boot leg" in Hickman county, was
brought in at 1:30 o'clock last night
from Hickman, Ky. by Deputy U. S.
Marshal LaRue, and lodged in jail
on a charge of illicit whiskey
selling.

Winston, according to reports, has
been selling whiskey for years in
Hickman county. He is a youthful
looking darkey, and unusually intel-
ligent, according to the deputy mar-
shal.

The witnesses did not arrive today,
and Winston's case was continued
until tomorrow, when it will be in-
vestigated before U. S. Commissioner
J. R. Puryear.

M'CAIN ARRESTED.

Was Released at Benton on a
\$2,000 Bond—Believed to
Be Mentally Un-
balanced.

Jackson, the Victim, Shot in the
Back Without any Provoca-
tion—Forty-Five Shot
Took Effect.

Thomas McCain, who shot Sam
Jackson four miles from Benton at
11 o'clock yesterday morning, was
arrested by the sheriff late yesterday
afternoon and released on a \$2000
bond, on the result of Jackson's
wounds, and the action of the grand
jury.

Later reports state that the shoot-
ing was without provocation, the vic-
tim running at the time the shot was
fired. Forty-five shot took effect in
his back, but his chances of recovery
are today not so bad. McCain is be-
lieved to be unbalanced mentally.

LARGEST CROWD OF THE SEASON.

Morton's Opera House Holds A De-
lightful Audience.

Morton's opera house was packed
last night as it was never packed
before this season. For the first time
in many a day, standing room was
sold down stairs.

"The Mating Comedy" company in
"The Fatal Error" was the attrac-
tion and the audience was most lavish
in its appreciation of the good work
done.

The members of the company are
all talented and the entertainment was
equal to any at more advanced prices.
The specialties are all worthy of the
highest praise, especially those of
Ferguson Bros., two youngsters, who
are unsurpassed in light comedy,
acrobatic feats and other features of
entertainment. The illustrated songs
of Mr. Frank Robinson are also well
worth hearing. Tonight entirely new
specialties will be introduced.

M'PHERSON'S
DRUG STORE

Extract of an editorial taken from the Western Review of Commerce, published at
Chicago, Ill., dated November 19 last:

A Compliment to Paducah...

Brook Hill Garrard county, Kentucky, whiskey, distilled by Friedman, Keiler & Co., of
Paducah, Ky. Both dealers and consumers can rely upon the character of the products of
this firm, both in general and in particular, and we have no hesitancy in recommending them
to our readers. Although we have no personal interest in the matter whatsoever, we believe
in the policy, "merit to whom merit is due." In the light of too frequent adulterations and
preparations of liquors, it behooves every one to scrutinize every brand, but, from the lack of
proper facilities, such precautions are often neglected. To supply such want we have caused
to be made close and critical examination and a searching chemical analysis, with the inten-
tion of printing the same, whether favorable or otherwise. The result, however, leaves us
but one thing to do, and that is to state, regarding the Brook Hill Whiskey, that purer or
better liquor has never been placed upon the market, and we recommend same to our readers
in unqualified terms and advise them to place an order, at least for a trial, as their product is
recommended by physicians as an aid to digestion, and is placed on our list of pure and
wholesome food supplies.

The Brook Hill Whiskey is also bottled
in bond, under the direct supervision of the
United States internal revenue department,
which is a guarantee of its absolute purity,
age and excellence. Sold by all the leading
drug stores, saloons and club rooms.

against his protest, but Speaker Jack-
son assured the caucus that Pryor
would accept. The omission of a
populist may cause a split between
the democrats and populists. Per-
kins, of Webster, was spokesman for
the populists at the caucus last night,
and he said the Goebel election bill
would have been defeated in the house
but for a trade with the populists to
elect a populist on the commission in
consideration of five populist votes
for the bill. The names placed before
the caucus were: Chas. B. Poyntz,
of Mayville; W. S. Pryor, of New
Castle; W. T. Ellis, of Owensboro;
Jas. D. Lench, of Princeton; L. S.
Johnson, (populist), of Versailles.
The vote resulted: Ellis, 75; Pryor,
62; Poyntz, 57; Lench, 28; Johnson,
38. The three highest were declared
elected.

GOLDEN RULE APPLIED TO LABOR.

Noteworthy Speech by Chief Arthur,
of the Brotherhood of
Engineers.

Chattanooga, Tenn., March 15.—
The conference of railway trainmen,
being held in this city, resolved itself
into a mass meeting at the City Au-
ditorium Sunday and a regularly
prepared program of speeches, music
and recitations was carried out.

The chief address was made by
Grand Chief Arthur, of the B. of
E. E.

In the course of his speech Chief
Arthur made use of the following
language, which was vigorously ap-
plauded by the large audience: "I
differ with many labor leaders as to
methods to be pursued in bringing
about the best results. I say that
organized labor is the hope and sal-
vation of the working man. The
great stumbling block that has in-
jured us in many ways is the so-called
labor organization which attempts to
dictate. It cannot see two sides to
any question. We should give and
take. The interests of capital and
labor, I say, are identical, and the
only way these matters can be settled
is by fair, honest method—Christian-
ity, I might say. We must do unto
others as we would have them do unto
us. We must recognize the fact that
we are all entitled to certain con-
siderations. What is capital? You
work, accumulate money, and get
into business. Must you be con-
demned for that? I say no! That
is capital. It is only when it becomes
tyrannical that we resist it."

STEAMER GRAND REPUBLIC BURNED.

Capt. Thorwgen and Family Have
a Thrilling Escape From Death.

St. Louis, March 15.—From a
fire, the origin of which is unknown,
the well known Mississippi river ex-
cursion steamer Grand Republic
burned to the water's edge Sunday
at the mouth of the River des Peres,
near South St. Louis. Nothing was
saved and Capt. W. H. Thorwgen,
his wife and two children and the
watchman had a narrow and thrilling
escape from death. The loss amounts
to \$50,000.

The Grand Republic was tied up
for the winter and those on board
were making it their home. They
lost all their personal belongings and
escaped in barely enough to clothe
themselves.

Alongside the burning steamer
were moored the steamers Vicksburg
and the City of Providence. Both
boats were in danger of being burned
but before they caught fire they were
cut loose and towed to places of
safety by a Missouri Pacific transfer
tug.

COAL ELEVATOR.

Newly Organized Company Pur-
chases a Block of
Ground.

They Will at Once Put up a
Elevator and Screen
For Coal.

The Paducah Coal and Mining
company, recently organized here,
will at once establish one of the largest
improvements made here in many
a day. The company has purchased
the entire block of ground from Ten-
nessee street to Ohio, fronting the
river, and will at once begin the erec-
tion of a big coal elevator and coal
screen.

The ground now has the old Eades
mill upon it, and this will be torn
down. It is estimated that thirty
days will be required for this. The
other work will then begin at once.
A member of the company stated
today: "The improvement will save
the city about \$30,000 a year, and
will cost us, to establish it, more
than that."

W. C. T. U. Meeting.

The W. C. T. U. will meet tomor-
row afternoon at 3 o'clock in the lec-
ture room of the First Christian
church. The superintendent of moth-
er's meetings will have charge of the
mother's conference. All members
are urged to be present.

GOVERNOR'S FINAL REQUEST.

Asks For an Appropriation to
Stamp Out Smallpox in Bell
County—Over 200
Cases Today.

THIS IS THE VERY LAST DAY

Of the State Legislature, and the
Governor's Request Will
Probably Not Be
Granted.

VAN SENDEN'S PARTNER IS IN TROUBLE.

Frankfort, Ky., March 15.—The
governor today urges a legislative ap-
propriation for the benefit of the
smallpox sufferers and to stamp out
the epidemic in Bell county. It is
said today that there are over 200
cases of smallpox in that county.
As this is the last day of the session
it is very probable that the request
will not be granted as it is too late to
pass the bill.

VAN SENDEN'S PARTNER

Killed a Man Today Over the Late
Trouble of the Firm.

Washington, March 15.—Dennis
Canty partner of H. W. Van-
Senden shot and killed a man named
Colonel Rye this morning in front
of the Western Union Telegraph Co.
office. The cause of the trouble is
supposed to be the old firm's business
complications.

'SQUIRE NICK GREIF DEAD.

Passed Away This Morning at
the Age of 73.

One of Paducah's Oldest Citizens.
Held Many Minor Public
Offices.

'Squire Nick Greif, aged 73, died
this forenoon about 9 o'clock, at his
residence, 433 South Second street,
of a complication of diseases, after
being in failing health for some time.

The deceased was one of Paducah's
oldest citizens, and had held
many minor public offices, having
been in recent years lookup keeper
and a justice of the peace.

He leaves a wife and six chil-
dren, three boys and three girls, all
of whom are married. No arrange-
ments have yet been made for the
funeral.

POLICE COURT.

Judge Sanders Administers a
Good Reprimand.

A Few Branches of the Peace and
Drunks Consid-
ered.

Today's session of the police court
consisted principally of an effort on
part of Judge Sanders to effect the
reformation of a young man who had
been up before. The young man in
question is not yet 17, and has a
widowed mother and sister who be-
long to one of the best families in
Paducah. The boy himself is way-
ward. He drinks mean whiskey and
visits a frail beauty in a West Court
street room, who, said to say, in some
way became infatuated with him.

He was charged today with being
drunk and disorderly, and with
breaking the windows out. He plead-
ed guilty, and was indifferent to the
reprimand administered to him.

When asked where he got his whiskey
he said he didn't know. The court
didn't believe this, for when the first
drink was taken the young man was
sober. Yet he stuck obstinately to
his story. After telling the culprit
what ought to be done with him, the
honorable judge gave him one more chance
to do better, and fined him \$5 and costs,
recognizing him in the sum of \$200
for his good behavior for one year.

After court the young man was
further questioned relative to where
he obtained his liquor, and he still
contended that he didn't know.

The other cases were principally
drunks.

School Craft, John Dunning and
Chas. Ashley were fined \$1 and costs
each.

Henry Armstrong, for using in-
sulting language towards Wm. Hodge,
was fined \$5 and costs.

Eugene Wilkerson, for cursing
John Smith, was fined \$5 and costs.

WELL KNOWN CHARACTER.

Font Laffoon Follows His Master
to the Grave.

A towering hotel porter known by
hundreds of traveling men whose ter-
ritories include Southwestern Ken-
tucky, and who was a favorite with
them all, died at Mayfield today of
pneumonia. His name was Font
Laffoon, commonly called "Mollie,"
and he was a giant in stature.

Laffoon had been porter at the
Southern hotel for 24 years, and was
nearly seven feet in height. He was
a familiar character at Mayfield, and
enjoyed the respect of the white people.
Laffoon's death was not long after
his master, the late Mr. John D.
Cox, proprietor of the Southern, who
died of the same disease, only a few
weeks ago.

SOLD BOOZE ILLEGALLY.

Mun Winston Brought in and Jailed
Last Night.

Mun Winston, the most notorious
"boot leg" in Hickman county, was
brought in at 1:30 o'clock last night
from Hickman, Ky. by Deputy U.
S. Marshal LaRue, and lodged in
jail on a charge of illicit whiskey
selling.

Winston, according to reports, has
been selling whiskey for years in
Hickman county. He is a youthful
looking darkey, and unusually intel-
ligent, according to the deputy mar-
shal.

The witnesses did not arrive today,
and Winston's case was continued
until tomorrow, when it will be in-
vestigated before U. S. Commissioner
J. K. Puryear.

M'CAIN ARRESTED.

Was Released at Benton on a
\$2,000 Bond—Believed to
Be Mentally Un-
balanced.

Jackson, the Victim, Shot in the
Back Without any Provoca-
tion—Forty-Five Shot
Took Effect.

Thomas McCain, who shot Sam
Jackson four miles from Benton at
11 o'clock yesterday morning, was
arrested by the sheriff late yesterday
afternoon and released on a \$2,000
bond to await the result of Jackson's
wounds, and the action of the grand
jury.

Later reports state that the shoot-
ing was without provocation, the vic-
tim running at the time the shot was
fired. Forty-five shot took effect in
his back, but his chances of recovery
are today not so bad. McCain is be-
lieved to be unbalanced mentally.

LARGEST CROWD OF THE SEASON.

Morton's Opera House Holds A De-
lightful Audience.

Morton's opera house was packed
last night as it was never packed
before this season. For the first time
in many a day, standing room was
sold down stairs.

The Murney Comedy company in
"The Fatal Error" was the attrac-
tion, and the audience was most lavish
in its appreciation of the good work
done.

The members of the company are
all talented and the entertainment was
equal to any at more advanced prices.
The specialties are all worthy of the
highest praise, especially those of
Ferguson Bros., two youngsters, who
are unsurpassed in light comedy,
acrobatic feats and other features of
entertainment. The illustrated songs
of Mr. Frank Robinson are also well
worth hearing. Tonight entirely new
specialties will be introduced.

DRUG STORE

Extract of an editorial taken from the Western Review of Commerce, published at
Chicago, Ill., dated November 19 last:

A Compliment to Paducah...

Brook Hill Garrard county, Kentucky, whiskey, distilled by Friedman, Keiler & Co., of
Paducah, Ky. Both dealers and consumers can rely upon the character of the products of
this firm, both in general and in particular, and we have no hesitancy in recommending them
to our readers. Although we have no personal interest in the matter whatsoever, we believe
in the policy, "merit to whom merit is due." In the light of too frequent adulterations and
preparations of liquors, it behooves every one to scrutinize every brand, but, from the lack of
proper facilities, such precautions are often neglected. To supply such want we have caused
to be made close and critical examination and a searching chemical analysis, with the inten-
tion of printing the same, whether favorable or otherwise. The result, however, leaves us
but one thing to do, and that is to state, regarding the Brook Hill Whiskey, that purer or
better liquor has never been placed upon the market, and we recommend same to our readers
in unqualified terms and advise them to place an order, at least for a trial, as their product is
recommended by physicians as an aid to digestion, and is placed on our list of pure and
wholesome food supplies.

The Brook Hill Whiskey is also bottled
in bond, under the direct supervision of the
United States internal revenue department,
which is a guarantee of its absolute purity,
age and excellence. Sold by all the leading
drug stores, saloons and club rooms.

TUESDAY, MAR. 15, 1898

THAT \$50,000,000 appropriation seemed large to the Spaniards. But that sum is only a starter to what Uncle Sam would put up in the event of actual war.

AFTER the returns of the next election are all in, the silver Democrats who surrendered themselves to the will of Senator Goebel will know what it means to fool with a buzzsaw.

CAZAR GOEBEL has the ways all greased thus far. The next thing to do is to prove to the voters of Kentucky that his iniquitous and very much one-sided bill was framed to secure a free ballot and a fair count. This is where the rub will come.

THE three Goebelize Democrats who will see to it that Senator Goebel is the next Governor of Kentucky, providing a cog does not slip somewhere, are Chas. B. Poyntz, Hon. W. T. Ellis and ex-Chief Justice Pryor. W. T. Ellis is from Owensboro and is very well known in this end of the state.

THE NEW ISSUE.

Now that the Goebel Election Commission bill has become a law, and the Commissioners selected who are to execute the will of the author of the bill; now that the Democratic party of Kentucky has been reduced to a servile tool of an ambitious and unscrupulous politician; now that all semblance of a free ballot and a fair count have been taken away from the elections of the state—there are evidences that many of the leaders of the Goebelized Democracy have a realization of the far-reaching results of their iniquitous force bill.

Ever since the introduction of the free silver issue into national and state politics, Kentucky has been the political storm center of the Union. It was here, in the State campaign of 1895, that the lines between the sound money and free-coinage-of-silver parties were first strictly drawn. Indeed the stand taken by the Republican party in that election was, if anything, somewhat in advance of the St. Louis platform, subsequently adopted by the national Republican party.

It was in Kentucky that the first great revolt of the Sound Money Democrats occurred, and the overwhelming defeat of W. J. Bryan and his free silver followers was in a great measure the result of the courageous and patriotic position assumed by those Kentucky Democrats, who burned the bridges behind them when they entered battle for the preservation of national honor and against repudiation.

After the defeat of the silver Democracy in 1896, an attempt was made to reunite the Democratic party in this State and many Democrats who had refused to support Bryan in '96, returned to the party in '97 and helped elect the State and Legislative tickets. The spirit that actuated those Sound Money Democrats who thought they saw an opportunity to reunite the Democratic party was laudable and honorable. Those Democrats were loath to believe that the day of usefulness was over of the old party, whose history is so intimately interwoven with that of the nation, and among whose honored leaders in the past are found the proudest names in American history. The dream of a reunited Democracy, of the time when harmony should flutter peacefully in the camp of a reunited, old-fashioned Democracy was fascinating and sent a thrill of pleasure through the hearts of thousands of Democratic veterans, who loved their party next to their country.

But what was the result? Democracy won, but harmony came not. Instead thereof, came a spirit of blind, unreasoning partisanship, beside of which the spirit of Bryanism was as but the zephyr before the destructive tornado. The leaders of the anticipated, reunited and harmonious Democracy, knew no bounds to their sweeping ambition. The leader of the majority at Frankfort openly boasted that the interests of the people of any section of the State were nothing to him when compared to the supremacy of the new Democratic party in Kentucky. Instead of parties being organized for the best interests of the State, the State must

STATE BUILDINGS AT THE OMAHA EXPOSITION.

IOWA BUILDING.

ILLINOIS BUILDING.

become, and has become, merely a tool to further the inordinate ambition of one man.

This reunited and harmonized Democracy has gone further; it has placed on the statute books of the State of Kentucky a law the like of which can be found nowhere else in this broad land. Elections, heretofore the refuge of the people, are now turned over to one party; even more than that, for three men hold within their power the privilege of appointing every election officer in the State, of canvassing the elections of the whole State, of counting the ballots, of deciding all disputed points, of in fact, declaring what the will of the people, as expressed by election returns, shall be. Never before have the opportunities for fraud been so great as they now will be under the Goebel Election Commission law. Never before has all right of appeal from the decision of an election board been absolutely taken away.

Such is the embodiment of the new issue in Kentucky. The great question of free coinage of silver is not settled. But this question, fraught as it is with great possibilities, will be a secondary issue in this State to the new question of whether Goebelism shall rule in State affairs.

As in the past, the Republican party will stand for the rights of the people. This new enemy to a free ballot and a fair count, to the maintenance of Democratic institutions, to the rule of the majority of the people, will be fought in the open by the Republican party. To the standard of that party will rally all lovers of liberty, all believers in the sacred right of the individual to have his ballot counted. There will be no lines between the advocates of sound money and of free coinage of silver, between the free trader and the high protectionist. The battle will be a royal one, but the people will win, and Goebelism will go down in disastrous and odious defeat.

THE ANTI-CIGARETTE BILL.

From sources close to Governor Bradley, it is announced that he favors the anti-cigarette bill, and that he may sign it, though its provisions are regarded as somewhat extreme. The bill is sweeping in its nature and provides that it shall be unlawful for any person to sell, barter or loan or give, to make, fabricate or manufacture, or to have on his premises, in his possession or under his control a cigarette, whether made by hand or manufactured, whether it be made of tobacco or other substance, whether it be covered with paper or any other material. It shall be unlawful for any person to have on his premises, in his possession or under his control any substance or material, out of which any part of such cigarette could be made, with the intention that at any time such substance or material might become a factor of such cigarette.

"Any person who shall violate the law as set forth in the first paragraph of the act, or shall evade it by any trick, artifice or method whatever, shall, on conviction, be fined not less than ten nor more than one hundred dollars, or imprisoned in the county jail for not less than five nor more than thirty days, or both so fined and imprisoned in the discretion of the jury, and each violation or evasion of law shall be deemed a separate offense."

Arrested On a Bill Writ.

"Kil" Winkle, bartender at Lagomarine's, was arrested last night on a bill writ taken out by Mr. J. W. Willett, the lively man. The prisoner was bound to appear before Justice Winchester. The facts in the case are that Mr. Winkle hired a horse and buggy some time since, and was told to be careful with the horse, and to never let go the lines. He had a girl in the buggy, who is "legged to have been driving when the horse ran away. The next Mr. Willett heard of his rig was to come out in the country and pick up the pieces. Mr. Winkle agreed to pay his share of the damages, but afterwards declined, saying he had been given a bad horse. He intended leaving last night for Hot Springs.

Last week one of our handsomest society women, once married, left rather suddenly for a somewhat larger southern city to make a visit to friends, but gossip has it that one of our business men, who resides in the West End, will soon meet her there—and then a wedding will come next.

Mr. Abe Weil has been rather under the weather for several days, but is on rising ground today.

Mr. F. K. Kirwan, lieutenant of a government boat, has been in the city for the past few days, but will leave today for St. Louis.

The friends of Miss Nannie M. Terrell will regret to learn that she has been suffering severely with rheumatism for the past few days.

Mrs. Joe Hart is still in a precarious condition.

The Episcopal Guild met last evening with Mrs. M. B. Nash at her home on North Ninth street.

Miss Carrie Hutchinson, the guest of the past few weeks of Miss Mamie O'Brien, left yesterday for her home in Memphis.

The Murray Comedy company presented "Fatal Error," to a crowded house last night. The acting was very clever and the troupe one of the best weekly troupes ever in our city, and from the success they met with the first night, it seems as they may furnish amusement for a great many through the week.

Miss Susa Crenshaw, of Cadiz, will visit her friends and relatives in Paducah, shortly after Lent.

The F. B. K. club will meet Thursday afternoon at 2:30 with the president. All members are requested to be present as an important business question is to be discussed and decided upon, and rules made for the coming summer.

DRESSES.

In woman's dress everything is growing softer. There is a tendency in the skirt to cling. The modiste sees that it shall, and blouses are stiffening in them. Dress skirts have been known to have been rolled of their stiff facings, and now petticoats either starched or of stiff inserting stuffs must give place to those of soft silk or clinging muslins.

Princess dresses are still tempting women who haven't the figure for the appearance they desire to make. They are more trying than one woman in ten realizes. In a princess dress one hip is likely to be a little higher than the other or rather you stand slumped down on one hip which makes it seem higher, while the shoulder above it droops. This skews your back. The slump and skew may be so slight that they never show in usual cut gowns, but they spoil your look in a princess gown.

There is one thing sure, and that is that we have old-time sleeves. This doesn't matter much so long as we have ruffles. With ruffles we may present that bluff effect that at first it seemed the going of big sleeves would take away from us. But from the shoulder to the wrist the '98 sleeve is just as tight as one dare make it. Bodies are ruffled and skirts are ruffled and sleeves are capped and puffed. The sleeve must not stand away from the arm in the least degree. It is only in the skirt waist that a moderately loose sleeve is allowed.

Although this is a summer of bright and gay colors, still nothing is to be more stylish than a white duck shirt waist or a white ground with a gay stripe in it; and it seems now that no one's summer "toilet" will be quite complete without one or more of these shirt waists.

MAY IGNORE THE GOEBEL LAW

Kentucky Secretary of State
May Order Election Under Old Laws.

A Test to be Made and the Constitutionality of This New "Force" Bill Called Into Question.

Frankfort, Ky., March 15.—The Goebel election bill, which became a law Friday, over the governor's veto, may be the cause of sending a solid republican delegation to congress from this state next fall.

The republican state officials have no doubt the bill is in flagrant violation of the state constitution, and in this view they are sustained by a vast majority of lawyers of the state, regardless of party. The state canvassing board is composed of the governor, attorney general and secretary of state. The secretary of state under the old law, is charged with the furnishing of details for carrying on elections, and it may be decided to ignore the provisions of the election law and have an election held under the old laws, as if the Goebel act had never been passed.

This would contemplate legal recognition of this election by the state canvassing board, and that body would accordingly issue certificates of election to such candidates as had received a majority of the votes cast at the election held under the old laws.

CONFERENCE AT MAYFIELD.

Sunday School and Epworth League Workers Holding a Meeting.

The Paducah sub-distinct Sunday School Union and Epworth League conference opened last night at Mayfield. Rev. H. B. Johnson, of the Broadway M. E. church, this city, preached last night.

The meeting will continue a day and a half, discussions on all Sunday school and Epworth league work being on the program. Among the Paducahans taking part are:

Revs. W. A. Freeman, H. B. Johnson, John C. Wilson, J. W. Waters and T. J. Owen. Messrs. J. D. Smith, Jr., J. S. Gauster, Floyd Harris and J. D. Herndon and Mrs. George Warfield. Other Paducahans who are in attendance are Mr. H. J. Billings and wife, Misses Maud and Jennie Byrd and Mrs. N. J. Phillips.

KILLED IN CAIRO.

Former Paducah Girl the Victim of an "Unloaded" Pistol.

Fired by a Newsboy Who Didn't Know It Was Loaded.

Mrs. Nettie Denvers, aged 19, who lived at Cairo, Ill., but at one time was a resident of Paducah, was accidentally killed yesterday while nursing her babe at home, by an "unloaded" pistol in the hands of a boy, Bert Lang, who was delivering St. Louis Crutchees.

The boy was playing with the unfortunate woman's little brother when the weapon was fired, the bullet first passing through a partition on its mission of destruction.

The deceased was wife of John Denvers, who formerly worked at one of the Mechanicsburg lumber plants, and her maiden name was Kaykendall.

The railroad transfer steamer S. D. Barlow, plying between Cairo, Ill., and Bird's Point, Mo., burned to the waters edge Friday. Loss, \$20,000. No lives were lost.

About the old story of the camel—how three philosophers heard about the animal and determined to investigate. The Englishman hunted through the folios of the British Museum, to find what had been said about the beast; the German went into his study, locked the door, lit his pipe and began to evolve a conception of the animal from his own consciousness; the Frenchman went down to Sahara to see.

Mr. Einstein came to Paducah four years ago and became a stockholder in the People's Street Railway company, and in the electric light plant operated by the same company; also in the baseball park, summer theaters and many other enterprises. Since the People's and the Paducah line consolidated a few months ago he has not been regularly engaged in business until he recently secured agency for acetylene gas.

Mr. Einstein is an affable, enterprising gentleman, and a credit as well as advantage to any city. He has been a factor in the progress of Paducah, and all who know him will regret that he is to leave Paducah, although he will visit here regularly.

WELL REWARDED.

A Paducah Lady is Willing to Reward a Young Man Who Had Befriended—Worth \$10,000 or More.

Mrs. M. A. Rhea is the heir of the late Mr. Len Faxon, Jr., for whom she had cared during his illness.

The faithful services of a Paducah lady to an invalid young man are to be rewarded in a most material way. Information has reached the city in the form of a letter to Hon. E. W. Bagby, the attorney, stating that Mr. Len E. Faxon, Jr., whose remains were brought here and interred several days ago, from Albuquerque, New Mexico, where he died of consumption, had left his entire estate to Mrs. M. A. Rhea, of 1225 Jefferson street, this city.

There is quite an interesting story connected with the case. Mr. Faxon, during his illness, was cared for by Mrs. Rhea, who was a mother to the unfortunate young man. So attentive and watchful was she, that he called her "mother" and their friendship never waned, even after he was on the verge of death in the far-off West.

It went to New Mexico for his health, and there gradually but surely drifted into the power of the dread disease, until recently he died. His remains are now in Oak Grove.

In addition to his estate he left Mrs. Rhea \$1,500 insurance in a railroad fraternality. His estate is worth \$10,000 or more, encumbered by \$2,000 or \$3,000 in mortgages. The deceased owned four blocks of ground in the lower part of Paducah, and other property here and elsewhere. The many friends of Mrs. Rhea will be pleased to learn of her good fortune.

STEAMERS TO BE REPAIRED
When the Osborne is Finished the Bertram Will Be Overhauled.

New Water Tank at Little Cypress—Other Railroad Notes.

The Illinois Central transfer steamer Osborne, which will resume her trade between Paducah and Brooklyn, today, has been entirely reconstructed from the water's edge. She is now a new boat.

Instead of \$20,000 repairs having been put on her, the amount will exceed \$30,000. New wheels and wood blocks, cabins, decks, and in fact everything new.

The U. S. will take the place of the Marian, and the latter will go at once to Cairo, to take the place of the Barlow, which burned Friday.

The Illinois Central will repair all of its floating stock, and the next big boat will be the Bertram, now at Cairo. Superintendent of floating stock, Nelson, of Cairo, has a new y schooner built, but it is not row known whether the boat will be repaired here or at Mound City, Ill. After being repaired the Bertram will be carried to Helena, Ark., to take the place of the Joy, which will then be repaired.

The new water tank at Little Cypress, which cost several hundred dollars, was finished yesterday, and is now in use. The old tank, it will be remembered, was destroyed by fire a few months ago.

Special Agent J. T. Gorley, of the Illinois Central, was in the city today and left for Central City on business.

A new system of checking baggage is soon to be inaugurated on this division of the Illinois Central. It is now in operation on the Dubuque system, and is gradually spreading to the other systems.

At present baggage is checked with various kinds of tags. Under the new system, but one kind is used, a large, brass tag. The shell and card board tags are abandoned entirely under the new system. It may be only a short time before the old tags on this division are called in and the new ones substituted.

The prices are unheard of before—than at Noah's Ark's big birthday sale today and tomorrow.

MRS. J. P. WINCHESTER DEAD.

A Most Estimable Lady Quietly Passes Away.

Mrs. Mary Winchester, beloved wife of Justice J. P. Winchester, died this forenoon at 10 o'clock of a complication of diseases, at her home, 628 Court street, after quite a lengthy illness.

The deceased was born in Williamsport, Murray county, Tennessee, in September, 1839, and was 68 years old. She was a daughter of Mr. Daniel D. John, and came to Paducah early in life to reside.

She leaves, besides a husband, three children: Mrs. Mamie Kilgust, of Kansas City, Mo.; Mr. J. Forfar Winchester and Miss Ellis Winchester, the latter of the city. She was a most estimable Christian lady, and a member of the Episcopal church.

The funeral will take place at 2 o'clock tomorrow afternoon from the church, in cement at Oak Grove.

The same remarkably low prices that have been offered today will continue tomorrow at Noah's Ark's big birthday sale.

TO DYE A FAST BLACK.

With Diamond Dyes One Can Color Black so that It Will Not Fade or Wash Out.

It is only within the last few years that it has been possible for an inexperienced person to dye a black that would not crock, fade or wash out. Even blacks dyed by city steam dyeing establishments were seldom reliable and fast.

The advent of three Diamond Dye Fast Blacks—for wool, for cotton, and for silk and feathers—has changed all this. With a ten cent package of one of these Diamond Dye Fast Blacks the first trial gives perfect success. The directions on the packages are so plain and simple that even a child can get better results than the experienced dyer of a few years ago.

Success in home dyeing is secured only when the Diamond Dyes are used. Do not be persuaded by any dealer to buy imitations of the Diamond Dyes that have no past record to recommend them. The Diamond Dyes are the only warranted colors for domestic dyeing.

SUCCESS
Attends the Big Birthday Sale at Noah's Ark's Mammoth New Store Today.

Beautiful Souvenirs Given Away to Hundreds of People Who Attended the Opening Last Night.

The people of Paducah and especially the ladies look forward with great anticipation to the opening days at Noah's Ark. Of all the special days in this metropolitan store none equal in attraction this anniversary or birthday opening. Their big sale today and tomorrow is in the nature of a double celebration, it being their third anniversary and their formal opening of their new store.

The evening last night was in reality a public reception given to the people of Paducah. The store was most tastefully decorated with cut flowers, potted plants, palms and rare ferns. Music was furnished by Hobson's Opera House orchestra, and soon after 6:30 the doors were thrown open while the soul stirring strains of "America" welcomed the expectant throng. Beautiful souvenirs were given away and the number of their visitors may be imagined from the fact that that during the evening fully two thousand souvenirs were given away. These consisted of glasses, beautifully etched with the words, "Souvenir of Noah's Ark, Opening and Birthday, March 15, 1898," and artistic paper weights.

The new home of Noah's Ark, at 313 Broadway, is a splendidly arranged building. The first floor is the general sales room, and the second floor is also being arranged for the same purpose. While the third floor will be used for the stock room. An electric passenger elevator connects the three floors. The building is so wide and deep that a generous and most attractive display of their large stock is permitted.

Noah's Ark has been here so long that its name has become a household word in Paducah. While the feature of its business is low prices, it does not follow that inferior goods are sold. In fact, big but first class goods are sold, and of this fact three years experience has convinced the people. Noah's shoddy or inferior is found at Noah's Ark, and nothing superior in their line is carried by any house in the city.

Noah's Ark's store is in fact a thorough metropolitan store; arranged as nicely for displaying their various lines as any department store in the large city. The success of the store in this city is due to good business management, to absolutely fair dealing and to genuine and judicious advertising. Mr. Lyle, its manager, is to be congratulated upon the splendid success of this his third birthday sale.

BURGLARY AT FULTON.

Paducah Police Asked to Watch for the Thieves.

Marshal Collins today received a telegram from Marshal Albert Hudson, of Fulton, stating that a store had been broken into there, and shoes, hats and clothing stolen. He asked the Paducah officers to keep a lookout for them.

Five dollars in gold will be given away to the one making the largest purchase today and tomorrow at Noah's Ark's big birthday sale.

FRANK IN CASE POSTPONED.

Probably a False Alarm.

County Attorney Graves and Mr. John Nicholas observed his strange actions in loitering about the house and informed Mr. Gilbert. He had bloodhounds put on the trail, but the prowler was not captured. It was about 9:30 o'clock, too early for burglars, and the alarm was doubtless a false one.
